SUMMARY

Passionate and detail-oriented Junior Full-Stack Developer with hands-on experience in building and optimizing web and mobile applications. Strong foundation in backend development, REST API design, and database optimization, combined with skills in creating dynamic and user-friendly frontends. Experienced in multi-currency systems, reward/referral mechanisms, and multi-language localization for large-scale applications. A proactive problem solver who thrives in Agile environments, committed to delivering high-quality, scalable solutions while continuously learning and adopting new technologies.

SKILLS

Back-End Development: .NET, C#, C++, Node.js, Fastify, MySQL, SQL, TypeScript
Front-End Development: Angular, JavaScript, Vue.js, React, HTML/CSS
Desktop & Mobile App Development: Windows Forms, Flutter
Database management & performance optimization

EDUCATION

Faculty of Information Technology, University of Džemal Bijedić Mostar

Bachelor of Information Technology – Software Development (Year of Graduation: 2025)

- Relevant coursework: Software Engineering, Database Management, Web & Mobile Development

High School of Electrical Engineering, Konjic

Technical Program – Electrical Engineering (Year of Graduation: 2017)

EXPERIENCE

Full-Stack Software Developer Intern

Bloomteq | March 2025 – July 2025

- Acquiring practical experience in Full-Stack Development, AI, Cloud Technologies, and DevOps.
- Developing and deploying scalable applications using Angular, Spring Boot, and PostgreSQL.
- Working on real-world projects with mentorship from senior engineers.
- Collaborating in an Agile team within a hybrid work model (remote + office).

Junior Full-Stack Software Developer

Bloomteq | April 2025 – Present

- Working as a Junior Full-Stack Developer on a large-scale web and mobile application using Fastify (Node.js), MySQL, Angular, and Flutter.
- Implementing and optimizing REST APIs for various application features.
- Designing and executing complex SQL queries for data aggregation and reporting.
- Integrating multi-currency calculations and reward/referral systems.
- Developing custom UI components to enhance user experience.
- Implementing multi-language localization for 70+ languages.
- Building admin panel features to manage users, rewards, and referral data.
- Collaborating in an Agile team environment with cross-functional members.
- Conducting debugging and performance optimization for both backend and frontend.
- Testing and validating APIs using Postman.

CERTIFICATIONS & ACHIEVEMENTS

- Completed an intensive two-week Full-Stack Development training program, gaining hands-on experience in modern web technologies.
 - Successfully completed a 4-month Full-Stack Developer internship at Bloomteq, working with Fastify, Node.js, MySQL, Angular, Flutter, and REST APIs in an Agile environment.
 - Developed and deployed a real-world project under strict deadlines while collaborating in an Agile team environment.
-

PROJECTS

Cinema Application (<https://github.com/farisgogic/Cinematon>)

- Technologies: C# (Backend), Angular (Frontend)
- Admin can manage movies (add, edit, delete) and update schedules.
- Users can view movies and make seat reservations.

Chrome Extension (<https://github.com/farisgogic/ChromeExtension>)

- Technologies: JavaScript, HTML, CSS
- A Google Chrome extension that extracts and displays plain text from web pages.
- Removes JavaScript, advertisements, and images to improve readability.
- Provides a clean, distraction-free reading experience in a side panel.

Dostava Application (<https://github.com/farisgogic/eDostavaFlutter>)

- Technologies: C#, Flutter, .NET
- Developed as a seminar project with a centralized backend.
- Supports multiple roles: employees, delivery drivers, and customers.

To-Do Application (<https://github.com/farisgogic/fareToDoApp>)

- Technologies: Vue.js
 - A task management application allows users to create, update, and organize tasks efficiently.
 - Focused on simplicity, productivity, and intuitive user experience.
-

SOFT SKILLS

- Teamwork
 - Problem-Solving
 - Communication
 - Adaptability
-

LANGUAGES

- Bosnian (Native)
 - English (Fluent)
-
